

The New BH Choir School Song

When you come through our door, something peculiar, comes over you,
and you're, not sure, of why, you want, to stay

Everyone's smiling, laughing and caroling, you want to feel, the way, they
feel, you want, to feel, that way

Sing along, sing our song, we promise that you'll want to stay, you know it
can't be wrong

Don't be shy, or turn away, we welcome all that want to share, we welcome
all to stay

Barton Hills in old south Austin

Barton Hills in old 04

Where the eagles fly so high, soaring swiftly through the sky

Barton Hills, we love you

Such a great school, the neighborhood rules

Like a big happy family, where everyone's cool

And wants, to lend, a hel-ping hand, to anyone in need

Our planet's green, our hearts are gold, Barton Hills...yes indee-ee-eed!
