

Dreaming Eagles

In the darkness of the night, moving fast and out of sight,
like a bird of flight!

I see them and they don't see me, but I know that they'd want to be,
Flying with me tonight!

They ought to know, I'd like to show, but they can't go,
It's just for me in my mind that's right,
It's out of sight, watch me take flight,
Into the night!

Now It's raining but i don't care, I like the way it feels in my hair,
Blowin' in the air!
Climbing up and beyond the clouds, man I wish you could see me now,
But I don't know how!

I'm all alone, wherever I roam, far from my home,
It's just for me in my mind that's right,
It's out of sight, watch me take flight,
Into the night!

Ever so high, high in the sky, and I'm never, com-ing down,
Not 'til the sun, not 'til I'm done, then I'll wake with-out a sound,
Get up and go, no one will know, It comes when I close my eyes...

So magical, but possible, here's why...
It's dreamable, incredible, so personal, just start to fall...
Asleep

Then you will see, take it from me, a new world awakens,
And you can go where-e-ver you want to
When you dream
